

OSTS® Islamic

A Treasury System Built on Sharia Principles

OSTS® Islamic Treasury System is purpose-built for Islamic banks, fully aligned with Sharia principles and compliant with regulatory standards tailored to each country

Built with Sharia Principles

Designed to support ethical banking practices, OSTS® Islamic empowers banks to operate with **confidence, integrity, and full transparency**

End-to-end integration for Islamic Treasury

Integrated from front office to regulatory reporting, including middle office, back office, and automated journal entries, OSTS® Islamic ensures **seamless operations** while adhering to each bank's specific **policies and procedures**

Automated system with STP Technology

Powered by **Straight Through Processing (STP)** technology, it significantly reduces manual work, enhances process automation, and helps mitigate operational risk—allowing Islamic banks to focus more on value creation

TAILORED TO SHARIA FINANCIAL INSTRUMENTS

Unique features include support for **nisbah (profit-sharing) structures**, **cash-based accounting journals**, and **flexible amortization methods** such as effective yield or straight-line—all tailored to Sharia-compliant financial instruments.

MODERN TECHNOLOGY, ETHICALLY TRUSTED

OSTS® Islamic proves that Islamic banking can be both technologically advanced and ethically grounded, providing institutions with the **tools to earn halal income** and build strong, **trust-based partnerships** with clients and other banks.

With OSTS® Islamic, **Sharia-compliant banking** isn't just an alternative — it's a growing, high-impact business segment with the power to shape a more equitable financial future
